Mr. Gary G. Broetzman
Colorado Department of Health
4210 East 11th Avenue
Denver, Colorado 80220

Dear Mr. Broetzman:

RE: CPDES/NPDES #CO-0029793, Dolores County, Change in On-site Operator

This letter is written to inform you of a recent change in personnel operating our water treatment system at the Rico, Colorado mine site. Please be advised that Mr. Don Cameron is no longer serving as our water treatment plant operator. We have now elected to contract for the operation and maintenance of the water treatment facility to Mr. Neal Muldoon. Mr. Muldoon's responsibilities also include the required CPDES monitoring. I will continue to maintain the responsibility for final approval of the monthly reporting to your agency.

Future on-site compliance monitoring and inspections should be coordinated through Mr. Muldoon. He can be reached at either our Rico office phone at 967-2281 or at his home phone at 967-2871. If additional information is needed by your staff regarding access, please feel free to give me a call at 293-7938.

Sincerely,

Robert L. Dent
Manager
Western Minerals Projects

RLD:nc

pc: Mr. Stanley V. May 
Engineering Science Technician III
Water Quality Control Division

Mr. Neal Muldoon
